About us

Located in the district of Porto, in Portugal, Trend Design Diffusion is dedicated to the manufacture of upholstered furniture, such as chairs, sofas, decorative cushions, headboards for beds and any other kind of upholstery.

We work with custom furniture and we also have our own product line – chairs and sofas designs that have earned the trust and approval of our customers. Thus, we seek to meet the demand of all our customers: be it exclusivity or practicality

Design and production

We strive to democratize quality furniture, combining the industrial vector with meticulous craftsmanship. Thus, we offer unique and amazing pieces, even in the simplest of designs.

The manufacture of our furniture requires sensitivity, mastery in technique and high standard materials. Our collaborators are a key piece: designers and architects commit to precise and ergonomic designs that will fit perfectly in your space, while seamstresses and upholsterers perform every detail with the utmost attention and expertise.

CUSTOM MADE PROCESS

Project analysis:

We determine the measurements and angles of your space and assist you in the choice of materials and finishings

Design proposal:

Our designers offer unique solutions for each demand, combining the guidelines of your project with the expertise of our work.

Project validation:

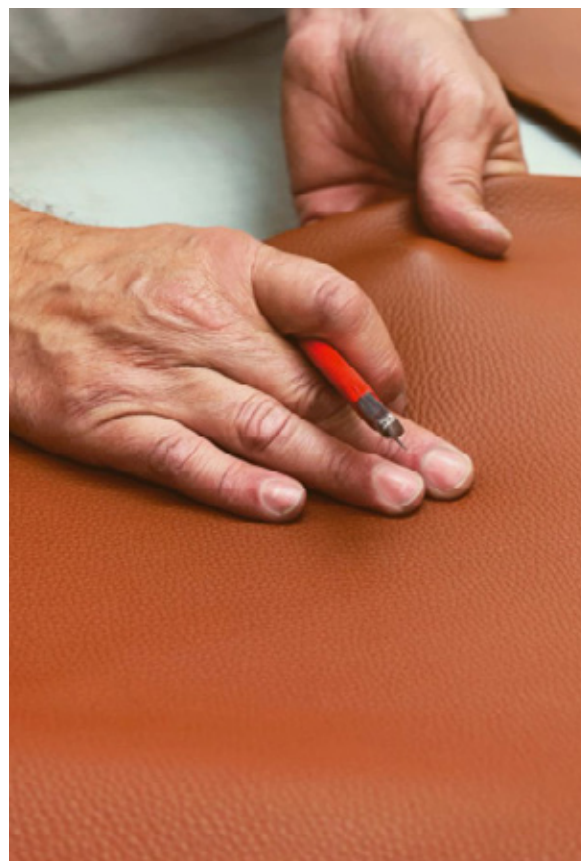

Every decision is made in such a way that your needs are met and we work to find the best solution to your demand.

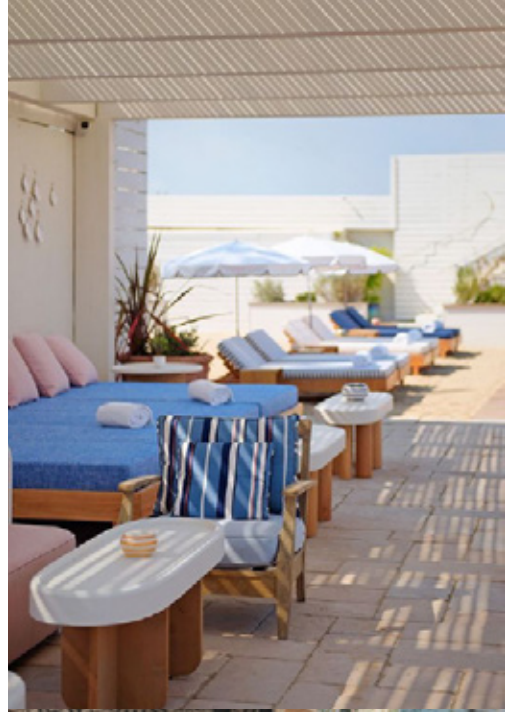

Production:

The manufacture is entirely manual: the projects come to life thanks to our artisans. All assembly is done in our factory, from the cutting of the fabric to the end of the upholstery process.

Delivery:

We pack each piece meticulously, so that orders are delivered safely. In this way, our products leave Portugal and reach the address of our customers, to all around Europe.

CHAIRS AND BAR STOOLS

Custom made sofas

Create the perfect sofa for your space. Choose every detail - from the style to the finishes - and enjoy a unique, custom-made sofa that reflects your comfort and style. Personalize your new sofa with quality and sophistication.

Upholstery

All models are available for customizing fabrics and dimensions.

Choose the type of finish that best suits your upholstery.

Keep in mind that the most comfortable seat is usually with plain finish. The backrest, however, can be changed as best to serve its purpose.

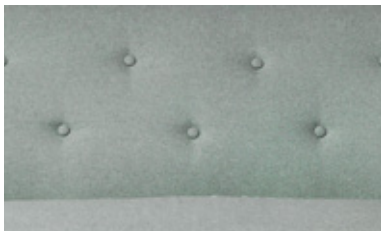

Plain

Simple, versatile and accurate design: the right bet for any project.

Vertical channels

It offers comfort and ensures a more defined visual appearance.

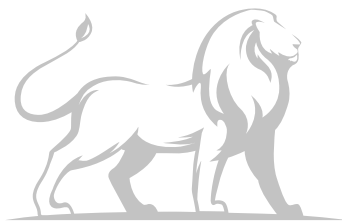

Butone

Eclectic design, simpler than the capitonê and more sophisticated than the plain.

Capitone

More sophisticated finish that values appealing design.

Feet

All models are available for customizing fabrics and dimensions.

Choose the ideal foot shape to make up your seat.

The feet can be of wood or metal. When in wood, they allow greater customization in shape and colors; when in metal, ensures the characteristic visual appearance.

Box style

It follows the shape of your sofa and eases the cleaning of the room

Open footer

Conventional design; provides more stability and security.

Wooden feet

The most practical option; allows varied and customizable application.

Metal feet

It ensures a more modern and robust look for your sofa.

Wood

Samples to direct your choice.

The colors presented here are an estimated approximations, in matte finish. It is necessary to emphasize that the wood is irregular, organic and suffers differences from one piece to another; in addition to the painting, that is handmade.

Other colors and finishes can be applied, especially in lacquer, with values varying according to this material

Custom made projects

We are present in hotels, restaurants and various spaces, performing projects from the simplest to the most complex.

Our team of designers and architects ensures that your furniture is feasible, without disregarding user comfort and environmental specificity.

Get inspired

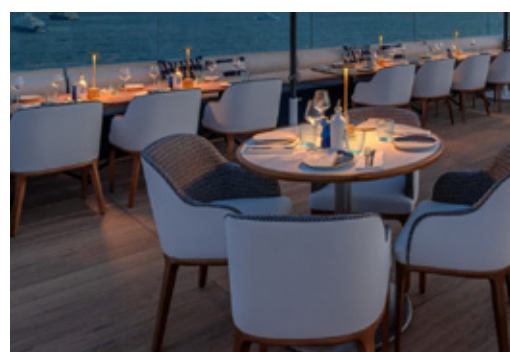

Custom made projects

Come and discover our projects — each one designed with passion, creativity, and attention to every detail. Let yourself be inspired by unique sofas that combine comfort, elegance, and personality.

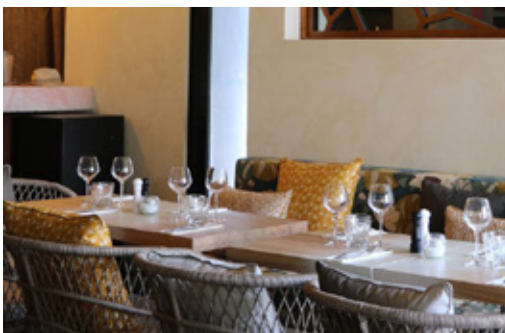

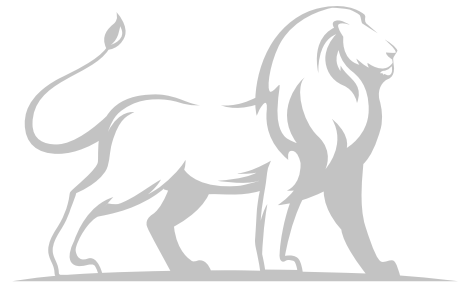

Bagatelle World

In our factory, we produced furniture for the Bagatelle restaurant on the Caribbean island of St. Barth, for the French unit in St. Tropez and also for the space in Dubai - each with its own specificities.

Marea restaurant

Sofas, chairs and decorative pillows in shades of blue and white brought the Mediterranean sea into this space.

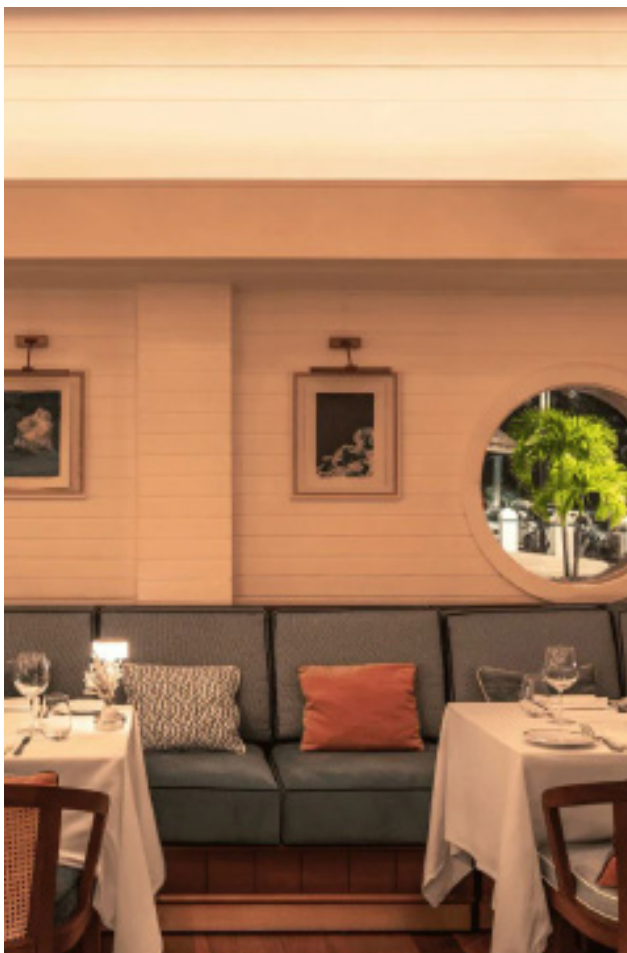

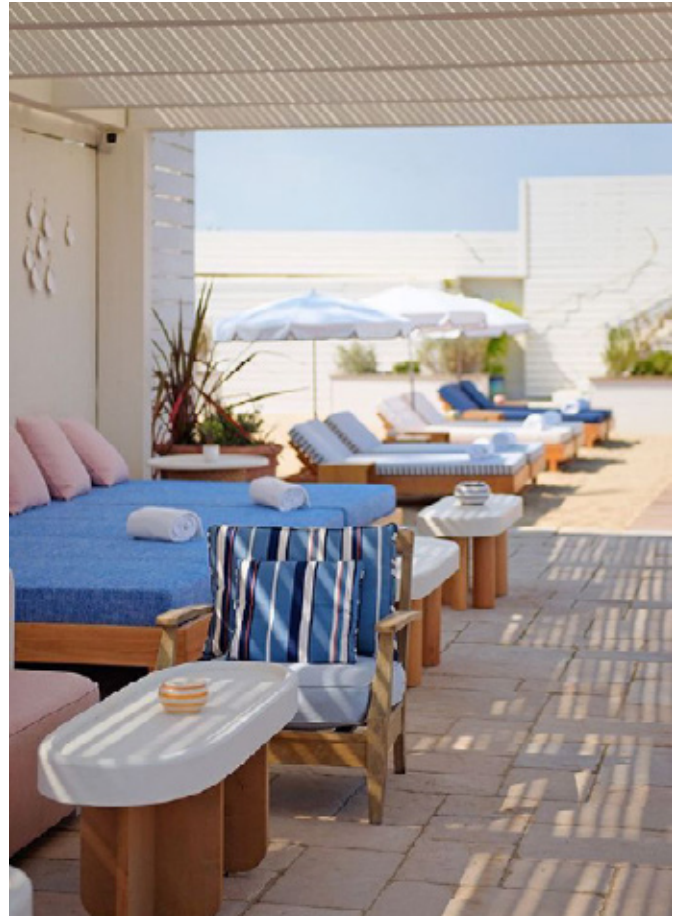

Zoa bistrot

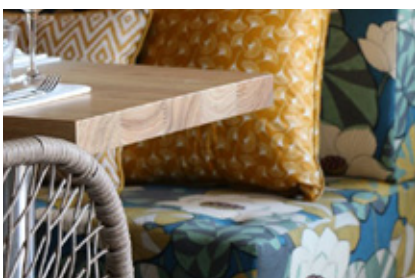

In addition to the custom-made sofas, the Zoa bistrot also chose our Lille and Braga models to make up its space.

Indie Mountain

An exclusive project, with two models developed for the Indie Mountain restaurant.

With Trend Design Diffusion, your *project becomes true*. From the color palette to the finishing, we manufacture your upholstered furniture tailored to your design.
